EXPERTS IN TRAINING

SEPTEMBER 2016

NEWS FOR RESIDENT, FELLOW, & GRADUATE STUDENT MEMBERS OF ACCP

MEMBERSHIP HIGHLIGHT

ACCP Annual Meeting

Chart the Course of Your Professional Future, an ACCP Annual Meeting presymposium, will provide training in vital career development skills, such as developing a personal strategic plan, transforming your income into wealth, taking a scholarly approach to your clinical practice, and facilitating your own professional development. It will be held on Saturday, October 22, 2016, from 1:00 p.m. to 6:30 p.m., followed by the Student and Resident Reception. No additional registration fee is associated with this activity.

The Professional Development Roundtable Session will be offered for residents, fellows, and new practitioners. This session will focus on topics that will guide you through several important career transitions, such as interviewing, negotiating, precepting, evaluating board certification, and more.

Residency Spotlight

ST. LOUIS COUNTY DEPARTMENT OF PUBLIC HEALTH

For over 20 years, St. Louis College of Pharmacy (STLCOP) has provided individuals with opportunities to participate in residency training programs. Training programs associated with STLCOP have prepared residents to become clinical pharmacists and pharmacy practice faculty in St. Louis and throughout the country. Currently, STLCOP has 13 PGY1 positions, 4 community and 9 pharmacy practice positions, and 4 PGY2 positions. St. Louis College of Pharmacy uniquely serves as home to residencies with a variety of affiliated practice sites.

The St. Louis County Department of Public Health (DOPH) serves as the practice site for both a PGY1 pharmacy practice resident and a PGY2 ambulatory care resident. Both PGY1 and PGY2 programs are ASHP accredited. See more

A CLOSER LOOK AT THE WOMEN'S HEALTH PRN

The PRNs represent focused interest groups of ACCP members. They provide a means for clinical pharmacists with common practice and research interests to gather for professional interaction, networking, and continuing education.

The Women's Health PRN has multiple opportunities for residents, fellows, and students to get involved. Students, residents, and fellows are encouraged to participate in the PRN's committees (e.g., advocacy and scholarship, communications, programming). The Women's Health PRN also has a committee composed of residents, fellows, and students to focus on their needs. Many exciting initiatives are planned for 2016–2017! The PRN also offers travel awards for all members! See more
