

TABLE OF CONTENTS

Endocrinologic Care I..... 1

Patient-Centered Care in Type 2 Diabetes Mellitus

By Amie D. Brooks, Pharm.D., FCCP, BCPS, BCACP

Introduction	7
Patient-Centered Care Delivery in Diabetes	12
Patient-Centered, Evidence-Based Goals of Therapy	16
Conclusion	27
References	28

New Therapies for Type 1 Diabetes

By Rick Hess, Pharm.D., CDE, BC-ADM

Introduction	35
Clinical Guidelines for T1DM	36
Devices	45
Adjunctive Therapies	53
Conclusion	57
References	57

Osteoporosis

By Michelle L. Rager, Pharm.D., BCPS, CDE

Introduction	65
Calcium and Vitamin D for Bone Health	68
Pharmacotherapy Options for Osteoporosis	72
National Guidelines and Algorithms for the Treatment of Osteoporosis	74
Individualizing Treatment for Patients with Osteoporosis	76
Conclusion	80
References	80

Rheumatologic Care I..... 87

Psoriatic Arthritis

By Jessica F. Farrell, Pharm.D.; and Amanda G. Kennedy, Pharm.D., BCPS

Introduction	93
Pathophysiology	93
Clinical Findings	94
Diagnosis	94
Treatment Overview	94
Treatment Guidelines and Common End Points	96
Patient Education	105
Special Populations	106
Conclusion	106
References	107

Multiple Sclerosis

By Stacey R. Schneider, Pharm.D., and Susan P. Bruce, Pharm.D., BCPS

Introduction	113
Clinical Presentation	113
Diagnosis	114
Pharmacotherapy	115
Updated Drug Therapy Recommendations	121
General Treatment Principles	121
Symptomatic Management	123
Integrative Medicine	126
Unique Considerations	126
Conclusion	128
References	128

Specialty Pharmacy in Rheumatology

By Rebekah L. Hanson, Pharm.D., BCPS, BCACP

Introduction	135
Specialty Pharmacy in Rheumatology	141
Advancements in Specialty Pharmacy Practice	154
Conclusion	155
References	157
