

Activity Overview

This three-day course provides a robust preparatory curriculum for the oncology pharmacy professional preparing for the Board of Pharmacy Specialties (BPS) Oncology Pharmacy Specialty Certification Examination, offered in Fall 2016 and Spring 2017. Designed based on the domains, tasks, and knowledge statements developed by BPS for the examination, the course will help you prepare for the exam by identifying areas needed for in-depth review of the oncology pharmacy issues by:

- Reviewing pertinent clinical topics and practice skills
- Providing exam self-assessment questions
- Listing valuable resources for further self-study

Pharmacists can confidently prepare for the BPS certification examination with this cutting-edge educational programming.

Recertification Credit for Board Certified Oncology Pharmacists

Board Certified Oncology Pharmacists (BCOP) are eligible to receive 27 hours of recertification credit for completing this activity. Content is based on the core topics. To earn the relevant contact hours of recertification credit for 2016 Oncology Pharmacy Preparatory Review and Recertification Course, you must be registered for the recertification version of the course, and then successfully submit the completed web-based posttest by 11:59 p.m. (CDT) on November 30, 2016 (web-based posttest will be available on July 1, 2016). Only completed tests will be eligible for credit; no partial or incomplete tests will be processed.
