

# TABLE OF CONTENTS

## **Pediatric Critical Care I..... 1**

Pediatric Critical Care I Panel.....	3
--------------------------------------	---

## **ARDS and Ventilator-Associated Events**

*By Jennifer L. Morris, Pharm.D., FCCM, BCPS, BCPPS*

LeMechanical Ventilation.....	7
Acute Lung Injury and PARDS.....	9
Toward Evidence-Based Pharmacotherapy Management of ALI and ARDS.....	11
Ventilator-Associated Events.....	20
Current Quality of Care Surveillance.....	22
Antibiotic Stewardship for IVAC Complications and VAP.....	25
Strategies for Prevention of VAEs.....	26
Conclusion.....	28
References.....	28
Self-Assessment Questions.....	31

## **Hemodynamic Instability**

*By Regine L. Caruthers, Pharm.D.*

Introduction.....	37
Hypovolemic Shock.....	38
Obstructive Shock.....	38
Cardiogenic Shock.....	40
Distributive Shock.....	40
Hypertensive Urgency and Emergency.....	42
Conclusion.....	42
References.....	43
Self-Assessment Questions.....	45

## **Pediatric Critical Care II..... 49**

Pediatric Critical Care II Panel.....	51
---------------------------------------	----

## **Extracorporeal Circuits in Children**

*By Elizabeth J. Beckman, Pharm.D., BCPS, BCPPS, BCCCP*

Introduction.....	55
Extracorporeal Membrane Oxygenation.....	56
Continuous Renal Replacement Therapy.....	63
Extracorporeal Liver Support.....	69
Plasmapheresis.....	71
Conclusion.....	73
References.....	73
Self-Assessment Questions.....	77

## **Trauma**

*By Joseph M. LaRochelle, Pharm.D., BCPPS*

Introduction to Traumatic Brain Injury.....	81
Cerebral Perfusion Pressure.....	81
Sedation.....	83
Other Therapies.....	84
Emerging Therapies.....	85
Introduction to Burns.....	85
Initial Management.....	85
Hypermetabolic State.....	85
Infections.....	86
Pain Management.....	87
Conclusion.....	87
References.....	88
Self-Assessment Questions.....	91

## **Clinical and Practice Updates I..... 95**

Clinical and Practice Updates I Panel.....	97
--	----

## **Interactive Patient Case: Severe Acute Asthma (Status Asthmaticus)**

*By Laura Lo Castro Bio, Pharm.D., BCPS*

Interactive Case.....	101
References.....	102
Self-Assessment Questions.....	104

## **Guideline Review: Diabetic Ketoacidosis and Hyperglycemic Hyperosmolar State**

*By Elizabeth S. Goswami, Pharm.D., BCPS, BCPPS; and Susan Warrington, Pharm.D., BCPPS*

Guideline Review.....	109
References.....	110
Self-Assessment Questions.....	112

## **Interactive Case: Status Epilepticus**

*By Christina Cox, Pharm.D., BCPS, BCPPS*

Interactive Case.....	117
References.....	117
Self-Assessment Questions.....	120
