

TABLE OF CONTENTS

Book 4

Preface	i
Editorial Board	ii
Book 4 Panel	iii
Disclosure of Potential Conflicts of Interest	vi
Book 4 Post Test	vii
Continuing Education and Program	
Evaluation Instructions	vii
Role of ACCP	xi

Science and Practice of Pharmacotherapy I

BIOSTATISTICS

Learning Objectives	1
Introduction	1
Descriptive Statistics	1
Abbreviations in This Chapter	2
Data Distributions	2
Discrete Distributions	2
Continuous Distributions	2
Degrees of Freedom	2
Hypothesis Testing	2
One-Tailed and Two-Tailed Tests	3
P-Values and Confidence Intervals	3
Incidence Rates, Prevalence Rates, Odds, and	
Odds Ratios	4
Contingency Tables	4
Common Statistical Tests	4
Nonparametric Tests	6
Correlation	6
Regression	7
Linear Regression	7
Logistic Regression	7
Survival Analysis	8
Interpreting Model Results	8
Poisson Regression	8
Missing Data	9
Summary Measures of Effect	9
Absolute and Relative Differences	9
Conclusion: Avoiding Common Pitfalls	10

Annotated Bibliography	10
Self-Assessment Questions	13

PHARMACOEPIDEMOLOGY

Learning Objectives	17
Introduction	17
Causation	17
Study Design	18
Randomized, Controlled Studies	18
Cohort Studies	18
Case-Control Studies	19
Comparing Cohort and Case-Control	
Studies	19
Other Types of Studies	19
Retrospective and Prospective Designs	19
Measurements of Occurrence	20
Effect Measures	20
Data Sources	21
Registries	21
Panel Statements and Guidelines	22
Bias	22
Confounding	22
Control of Confounding	23
Selection Bias	23
Information Bias	23
Immortal-Time Bias	23
Effect Modification	24
Comorbidity Indices	24
Statistics and Pharmacoepidemiology	24
Diagnostic Test Performance	25
Data Presentation	25
Conclusion	25
Annotated Bibliography	25
Self-Assessment Questions	29

CONFLICT OF INTEREST AND POTENTIAL ETHICAL DILEMMAS IN CLINICAL PRACTICE

Learning Objectives	33
Introduction	33
History	33
Definitions	33
Interest	33
Abbreviations in This Chapter	34
Conflicted Interest	34

Duties	34
COI Versus Ethical Dilemmas	34
Assessing Perspectives	35
Internal	35
External (Including Patients)	35
Apparent Versus Real COI	36
Position Statements and Guidelines	36
Blatant Examples of COI	38
Drug Marketing and Promotion	38
Gabapentin for Off-Label Use	38
Direct-to-Consumer Marketing	38
Questionable Research	38
Education	39
Clinical Guidelines	39
How to Determine Individual COI	40
Stepwise Approach	40
Example of COI Determination	41
What Is the Reason for the Action to Be Taken?	41
Who Is Affected by the Action?	41
Who Will Gain by the Action?	41
Who Will Lose by the Action?	41
How Will the Action Appear to Those Involved With the Action (e.g., Patient, Physicians, Pharmacy and Therapeutics Committee)?	41
How Will the Action Appear to Those Not Involved With the Action (e.g., Public, Media)?	41
Is There a Code That Relates to This Particular Action?	42
Minimizing COI	42
Conclusion	43
Annotated Bibliography	43
Self-Assessment Questions	49

THE FOOD AND DRUG ADMINISTRATION, NATIONAL DRUG POLICY AND THE UNITED STATES DRUG DISTRIBUTION SYSTEM

Learning Objectives	53
Introduction	53
Drug Safety Versus Affordability	53
Abbreviations in This Chapter	54
The United States Drug Distribution System	54
The Prescription Drug Marketing Act of 1987	54
Prescription Drug Marketing Act	
Wholesale Drug Distributor State Licensure Requirements	54
Prescription Drug Marketing Act Pedigree Requirements	54
FDA Attempts to Implement Prescription Drug Marketing Act Pedigree Requirements	55
United States Drug Distribution System Participants	56
State Regulatory Oversight and Efforts of the National Association of Boards of Pharmacy	58
Pharmacist Pedigree Review	58
Counterfeit Drugs	59
Incidence of Counterfeit Drug Distribution	59
Counterfeit Drugs in the United States Market	59
Illegal Importation or Re-Importation of Drugs into the United States	60

Canadian Pharmacy Drug Importation	61
Importation of Drugs from Mexico	63
Internet Pharmacy Services	63
Creation of an Industry	63
Regulatory Oversight of Internet Drug Distribution	63
Risks of Illegal Internet Pharmacies	63
Pharmacist Professional Educational Responsibilities	64
Conclusion	64
Annotated Bibliography	64
Self-Assessment Questions	67

Science and Practice of Pharmacotherapy II

SURVEY RESEARCH METHODS IN PHARMACY PRACTICE

Learning Objectives	68
Using Surveys in Pharmacy Practice	68
Survey Process	68
Sampling	69
Definitions	69
Sampling Design	69
Probability Sampling	69
Nonprobability Sampling	69
Sampling Considerations	69
Selection Bias	69
Sample Size	69
Response Rate	69
Data Collection Methods	70
Self-Administered Survey	70
Personal Interview Survey	71
Telephone Survey	71
Electronic Survey	71
Survey Instrument Design	72
Question Writing	72
Instrumentation Bias	72
Response Bias	72
Question Response Format	72
Survey Construction	73
Survey Quality	74
Reliability	74
Validity	74
Data Processing and Analysis	75
Data Receipt and Coding	75
Data Analysis	75
Conclusion	75
Annotated Bibliography	75
Self-Assessment Questions	79

MEDICARE PART D

Learning Objectives	83
Introduction	83
Medicare Modernization Act	83
Abbreviations in This Chapter	84
Prescription Drug Sections	84
Prescription Drug Discount Card	84
Medicare Part D Design	84
Medicare Advantage	85
Medicare Part D Formulary Development	85
Medication Therapy Management Services	85
Medicare Part D Implementation	85
Problems	86

Automatic Enrollment of Medicaid-Medicare		Summary	107
Dual Eligible	86	Annotated Bibliography	107
Low Income Subsidy	86	Self-Assessment Questions	111
Vulnerable Populations	86		
Problem Resolution	87		
Medicare Part D Issues	87		
Excluded Drugs	87		
Cost-Containment Techniques	87		
Medicare Part B Versus Part D Coverage	87		
Coverage Gap	88		
State Clawback	88		
Inability for Federal			
Government to Negotiate Prices	88		
Changes in Congress	89		
Perceptions and Satisfaction	89		
Beneficiaries of Medicare	89		
Pharmacists and Physicians	89		
Pharmacist Role	89		
Medication Therapy Management Services	90		
Conclusion	90		
Annotated Bibliography	90		
Self-Assessment Questions	95		

THE INTERNET AND ASSESSMENT OF HEALTH

CARE PROFESSIONAL INFORMATION ON THE WEB

Abbreviations in This Chapter	99
Learning Objectives	99
Introduction	99
Why Internet-Based Health Care Information?	99
Accessibility	99
Ease of Dissemination	100
Portal Attributes	100
Currentness	101
Consumer Uses of Internet-Based	
Health Care Information	101
Health Seeker Demographics	101
Health Information Topics	101
Health Search Impact	101
Health Seeker Information Assessment	101
Professional Uses of Internet-Based	
Health Care Information	102
Usage Trends	102
Popular Sites	102
Usage Categories	102
Literature/Referential	102
Research	103
Current Awareness	103
Continuing Education	103
E-mail Lists	103
Blogs and Podcasts	103
Communication	103
Assessing Internet-Based Health Care Information	104
Is There Truly a Need for Assessment?	104
Self-Directed Assessment Methods	104
Diligent Searching	104
Published Criteria or User Guides	104
Quality Assessment Tools	105
Codes of Conduct	105
Seals of Quality	105
Filters	106
Third-Party Certification	106
Reaching a Consensus	106
