

TABLE OF CONTENTS

Book 8

Preface	i
Editorial Board	ii
Book 8 Panel	iii
Disclosure of Potential Conflicts of Interest	ix
Continuing Education and Program	
Evaluation Instructions	x
Book 8 Post Test	x
Role of ACCP	xv

Health Promotion and Maintenance I

BEHAVIOR CHANGE

Learning Objectives	1
Patient Case	1
Introduction	1
Factors Affecting Patient Health Behaviors	2
Health Behavior Theories	2
Social Cognitive Theory/Self-efficacy	3
Health Belief Model	3
Theory of Reasoned Action	4
Theory of Planned Behavior	4
Transtheoretical Model of Change	4
Comparison of Models	5
Applying Health Behavior Theories to Patient Care	5
Communication Strategies: Motivational	
Interviewing	5
Interventions for Behavior Change	6
Patients Considering a Behavior Change	6
Patients Preparing for or in the Process	
of Changing a Behavior	7
Collaborative Management of Patient Care	8
Conclusion	8
Annotated Bibliography	8
Self-Assessment Questions	11

HEALTH LITERACY: IMPLICATIONS FOR PHARMACY PRACTICE

Learning Objectives	15
Background and Context for Health	
Literacy in Pharmacy Practice	15
Abbreviations in This Chapter	16

LHL and Its Prevalence	16
General Functional Literacy	16
Functional Health Literacy	16
Prevalence in Select Subgroups	16
National Prevalence	17
Health Consequences Associated with LHL	17
Disease Knowledge	17
Health Status and Health Services Use	17
Preventive Health Care Use	18
Mortality	18
Medical Expenditures	18
Health Literacy Concerns for Managing Drug Use	18
Drug Labels and Guides	18
Verbal Communication	19
Pharmacy Preparedness	19
Environmental Barriers	20
Drug Adherence	20
Methods for Identifying Patients with LHL	20
Signs of Limited Literacy Skills	20
Health Literacy Testing Tools	20
One-Item Screening Measures	21
Design a Program That Promotes Clear	
Health Communication	21
Conduct an Organizational Assessment	21
Review Communication Methods	22
Written Materials	22
Visual Materials	22
Verbal Communications	23
Train Staff	23
Implement Programmatic Change	23
Conclusion	23
Annotated Bibliography	24
Self-Assessment Questions	29

ACCESS AND HEALTH DISPARITIES

Learning Objectives	33
Introduction	33
Abbreviations in This Chapter	34
Contributors to Lack of Access and Disparities	34
Health Care Coverage	34
Socioeconomic Status	35
Income	35
Education	35
Geographic Location	35
Medical Care	35
Inequalities in Provision of Care	36
Minority Representation in Health Professions	36

Patient-Related Factors	36
Biologic Differences	36
Lifestyle and Health Practices	36
Sociocultural Barriers to Care	37
Language Differences	37
Lack of Culturally Competent Care	37
Major Disparities Affecting the U.S. Population	37
Healthy People 2010 Focus Areas	37
Primary DHHS Focus Areas	37
Infant Mortality	38
Cancer Screening and Management	38
Cardiovascular Disease	39
Diabetes	39
HIV/AIDS	39
Immunizations	39
Federal, Corporate, and Organizational Initiatives	40
Pharmacy-Based Strategies	40
Annotated Bibliography	40
Self-Assessment Questions	47

PATIENT-REPORTED OUTCOMES: QUALITY OF LIFE AND PATIENT PREFERENCES

Learning Objectives	51
Case Study: Evaluating and Selecting a Patient-Reported Outcome Instrument	51
Introduction	51
Abbreviations in This Chapter	52
Quality of Life	52
Definition and Conceptual Framework	52
General and Condition-Specific Instruments	54
Case Study Revisited	54
Preferences and Utilities	54
Definition and Conceptual Framework	54
Rating Scale	55
Time Trade-off	55
Standard Gamble	55
Case Study Revisited	57
Willingness to Pay (Contingent Valuation)	57
Definition and Conceptual Framework	57
Contingent Valuation Scenarios	57
The WTP Question	57
Interpreting Results from Contingent Valuation Surveys	59
Case Study Revisited	59
Considerations in Selecting and Assessing PRO Measures	59
Does a Conceptual and Measurement Model Exist for the PRO Instrument?	60
What Are the Measurement Properties of the PRO Instrument?	60
Reliability	60
Validity	60
Responsiveness	61
Interpretability	61
Case Study Revisited	61
What Modes of Administration Are Available for PRO Instruments?	61
Case Study Revisited	62
What Burden Does the PRO Instrument Impart?	62
Case Study Revisited	62

Are Cultural and Language Adaptations Available for PRO Instruments?	62
Case Study Revisited	62
Conclusion	63
Annotated Bibliography	63
Self-Assessment Questions	67

Health Promotion and Maintenance II

ADVOCACY AND THE PHARMACIST: VALUING PUBLIC CREATIONS AND CREATING PUBLIC VALUE

Learning Objectives	73
Valuing Public Creations	73
What Are the Public Creations We Value as Individuals?	73
The Declaration of Independence	73
The U.S. Constitution	73
Abbreviations in This Chapter	74
Free Market Capitalism	74
What Are the Public Creations We Value as Pharmacists?	74
Future Vision for Pharmacy Practice	74
The Oath of the Pharmacist	74
United Nations Declaration of Universal Human Rights	75
Why Do We Value These Creations?	75
The Pursuit of Happiness	75
The Right of Association	75
Participating in Party Politics	76
Advocating Through Professional Associations	76
What Do We Risk by Not Valuing These Creations?	76
Pursuit of Happiness	76
The Right of Association	77
Free Markets	77
How Do We Show We Value These Creations?	77
Awareness vs. Action	78
Creating Public Value	78
Advocating Through Research	79
Advocating Through Patient Communication	79
Advocating Through Public Comment	79
Advocating Through Associations and Coalitions	80
Advocating Through Public Health	80
Conclusion	81
Annotated Bibliography	81
Self-Assessment Questions	85

COMMUNITY ENGAGEMENT

Learning Objectives	89
Introduction	89
Background	89
Community Engagement Defined	89
Abbreviations in This Chapter	90
Engagement and Community-Based Participatory Research	90
Support for Community Engagement	90
Healthy People 2010	91
Centers for Disease Control and Prevention	91

World Health Organization	91
Higher Education	92
The Engaged Pharmacist	92
Professional Roles and Responsibilities	92
Health Promotion	92
Health Literacy	92
Steps to Community Engagement	93
Identifying a Need and Gathering Support	93
Growth and Sustainability of a Partnership	93
Funding	94
Evaluation	94
A Community-Engaged Program Example	94
Health Educational Opportunities	95
Organizational Movements	96
American College of Clinical Pharmacy	96
American Association of Colleges of Pharmacy	96
Community-Campus Partnerships for Health	96
Funding Organizations	97
Affecting Public Policy	97
Conclusion and Call to Action	97
Annotated Bibliography	97
Self-Assessment Questions	101

PHARMACY LEADERSHIP

Learning Objectives	105
Introduction	105
Evolving Health Care	105
Pharmacy Practice Evolution	105
Leaders for the Future	105
Leadership	106
Definition	106
Application to Pharmacy Practice	106
The Leader	106
Characteristics	106
Engaging People	106
Management vs. Leadership	106
Management	106
Leadership	107
Leadership Competencies	107
Areas of Focus	107
Work of Leaders	107
Informal Leadership Opportunities	107
Leading from the Middle	107
Pharmacy Ambassador	108
Group Participation	108
Investing in the Future	109
Legacy	109
Innovation in Pharmacy Practice	109
Definition	109
Examples	109
Conclusion	109
Annotated Bibliography	109
Self-Assessment Questions	113

Health Promotion and Maintenance III

MARKETING OF PHARMACY HEALTH PROMOTION PROGRAMS/ACTIVITIES

Learning Objectives	119
Case Study: Marketing Health Promotion at Arthur's Pharmacy	119
Introduction	119
Challenges Associated with Health Promotion Programs	119
Demand for Negative Health Behaviors	119
Resistance to Health Promotion	120
Lack of Knowledge and Skills	120
The Role of Marketing in Promoting and Maintaining Health	120
Social Marketing as an Approach	120
Adopting a Marketing Mind-set	120
Consumer Focus	120
Exchanges of Value	121
Awareness of Competition	121
Segmentation and Targeting	122
Marketing Mix	122
Product	122
Place	122
Price	123
Promotion	123
Designing a Marketing Plan for Health Promotion	124
Describe the Marketing Problem	124
Learn About Potential Target Audiences	124
Develop Marketing Objectives	127
Choose the Marketing Mix	127
Plan to Assess Marketing Efforts	127
Implement the Marketing Strategy	127
Conclusion	127
Annotated Bibliography	128
Self-Assessment Questions	131

ASSESSING RISK IN THE OVER-THE-COUNTER DRUG USER

Learning Objectives	133
Introduction	133
Abbreviations in This Chapter	134
Public Response to Minor Illness	134
Risks of OTC Drug Use	135
Analgesics	135
Pediatrics	136
Geriatrics	136
Evaluation of Pharmacist Interventions	137
Patient-Pharmacist Interactive Process	138
Reassurance	140
Nondrug Measure	140
OTC Drug	140
Physician Referral	140
Documentation	140
Conclusion	140
Annotated Bibliography	141
Self-Assessment Questions	145

EMERGENCY PREPAREDNESS	
Learning Objectives	149
Introduction	149
Hazards and Risk Assessment	149
Types of Disasters	149
Natural	149
Technologic	149
Abbreviations in This Chapter	150
Terrorism	150
The Disaster Phases.....	150
Disaster Impact	150
Mitigation	151
Partnerships	151
Surveillance	151
Spectrum of Illnesses and Medication	
Needs in Disasters	151
Emergency	151
Acute	152
Chronic	152
Mental Health.....	152
Populations Affected by Disasters	152
Preparedness Components	152
Preparedness Plans	152
Supplies	152
Strategic National Stockpile	153
Personnel	154
Locations	154
Communications	155
Tasks and Responsibilities	155
Command	155
Operational	155
Logistic	155
Financial	155
Exercises and Drills	155
Response Teams	156
Lessons Learned	158
Conclusion	158
Annotated Bibliography.....	158
Self-Assessment Questions	163
