ILLUSTRATIONS IN THIS BOOK.....	iv
PSAP-VII EDITORIAL BOARD.....	v
WELCOME.....	vi
FACULTY POTENTIAL COI DISCLOSURE.....	vii
ROLE OF ACCP.....	vii
ROLE OF BPS.....	vii
CPE AND PROGRAM INSTRUCTIONS.....	viii
POSTTEST INSTRUCTIONS.....	viii

Science and Practice of Pharmacotherapy I.....	1
Science and Practice of Pharmacotherapy I Panel.....	3
Science and Practice of Pharmacotherapy I	
Subscriber Evaluation.....	5

MOTIVATIONAL INTERVIEWING

By Jan Kavookjian, MBA, Ph.D.

Learning Objectives.....	1
Introduction.....	1
Ambivalence and Resistance to	
Changing Health Behaviors.....	1
Baseline Review Resources.....	1
Abbreviations in This Chapter.....	2
Background and Rationale for MI.....	2
The Righting Reflex.....	4
The Spirit of MI.....	5
Assumptions, Premises, and Concepts.....	5
Choosing Among MI Strategies.....	5
Establishing Patient Understanding About Disease	
Risks, Clinical Parameters, and Treatments.....	5
Micro Skills That Maintain Patient Autonomy.....	6
Setting Incremental, Specific Goals	
for SE Building.....	8
Core MI Communication Principles.....	9
Expressing Empathy.....	9
Developing Discrepancy.....	9
Supporting SE.....	10
Rolling with Resistance and	
Avoiding Argumentation.....	10
Resistant Patients and Other MI Applications.....	10
Conclusion.....	11
Annotated Bibliography.....	11
Self-Assessment Questions.....	15

CULTURAL COMPETENCE

By Yolanda M. Hardy, Pharm.D., MPH

Learning Objectives.....	19
Introduction.....	19
Baseline Review Resources.....	19
Abbreviations in This Chapter.....	20
A Conversation on Culture.....	20
Culture and the Patient-Pharmacist Relationship.....	21
The Cross Model.....	21
The Campinha-Bacote Model.....	21

The Purnell Model.....	21
Cultural Humility.....	24
Language and Communication.....	24
Education and Training.....	25
Integration into Patient Care.....	27
Understanding the Patient's Cultural Experience.....	30
Effect on Patient Satisfaction/Clinical Outcomes.....	30
Case Study.....	30
Organizational Competence.....	31
Conclusion.....	31
Annotated Bibliography.....	32
Self-Assessment Questions.....	37

DRUG INFORMATION RESOURCES AND LITERATURE RETRIEVAL

By Karen L. Kier, Ph.D., BCPS; and
Miki Goldwire, Pharm.D.

Learning Objectives.....	41
Overview of Drug Information Resources.....	41
Baseline Review Resources.....	41
Abbreviations in This Chapter.....	42
Internet Sources of DI.....	42
Search Engines.....	42
Search Strategies.....	43
Obtaining High-Quality DI.....	43
Evaluating DI Resources.....	44
Secondary DI Resources.....	44
Tertiary DI Resources.....	44
Web-Based Resources.....	48
Accessing Quality DI Resources.....	48
Resources for the HCP.....	48
Resources for the Patient.....	49
Clinical Trial Data.....	49
EBM Resources.....	49
Clinical Practice Guideline Resources.....	52
Specific DI Resources.....	52
Resources on Complementary and	
Alternative Medicine.....	52
Poison/Product Identification Resources.....	52
Adverse Drug Reactions/ Pharmacovigilance Resources.....	54
Conclusion.....	55
Annotated Bibliography.....	55
Self-Assessment Questions.....	61

MEDICATION THERAPY MANAGEMENT

By Schwanda K. Flowers, Pharm.D.;
and Anne C. Pace, Pharm.D.

Learning Objectives.....	65
Introduction.....	65
Pharmaceutical Care.....	65
Baseline Review Resources.....	65

Abbreviations in This Chapter.....	66
Disease State Management	66
Medication Therapy Management	67
MTM Core Elements	67
Medication Therapy Review	67
Personal Medication Record	67
Medication-Related Action Plan	68
Intervention and/or Referral	68
Documentation and Follow-up	69
MTM Marketplace	69
2010 Medicare Part D MTM Programs	70
Reimbursement, Billing, and Documentation	71
MTM Services Codes	71
Third-party Reimbursement	71
Documentation Platforms	72
Practical Applications of MTM	72
Ambulatory Care Clinic	72
Community Pharmacy	72
Health Care Reform	73
Conclusion	73
Annotated Bibliography	73
Self-Assessment Questions	77
Science and Practice of Pharmacotherapy II.....	81
Science and Practice of Pharmacotherapy II Panel.....	83
Science and Practice of Pharmacotherapy II	
Subscriber Evaluation.....	85

THE PATIENT-CENTERED MEDICAL HOME

By Marie A. Smith, Pharm.D.;
and Stefanie C. Nigro, Pharm.D.

Learning Objectives	87
Introduction	87
Terminology	87
Medical Home Standards	87
Baseline Review Resources	87
Abbreviations in This Chapter	88
Characteristics of a Medical Home	88
Primary Care Drug Use and Safety Issues	89
Drug Use	89
Medication Profile Problems	89
Drug Therapy Problem Classification	89
Care Transition Drug Misadventures	89
Implementing Medication Management	
Services in the PCMH	89
Pharmacist Role Compatibility with	
Medical Home Principles	89
PCMH Pharmacist Practice Model	91
Pharmacist Integration Models	92
Challenges to Starting a PCMH Practice	93
Needs Assessment	93
Patient Selection	93
Planning Considerations	93
Sustainable Payment Models	93
Success Drivers for Pharmacist Services	95
PCMH Resources	95
Patient-Provider-Pharmacist Relationships	95
HIT and Shared Patient Care Plans	95
Health Care Reform Opportunities	96
Conclusion	96

Annotated Bibliography	96
Self-Assessment Questions	99

TRANSITIONS OF CARE

By Joel C. Marrs, Pharm.D., BCPS (AQ Cardiology),
CLS; and Sarah L. Anderson, Pharm.D., BCPS

Learning Objectives	103
Introduction	103
Baseline Review Resources	103
Abbreviations in This Chapter	104
Epidemiology	104
Domains of Transfer: Destination,	
Information, and Education	104
Types of Transfer	105
Inpatient to Outpatient	105
Inpatient Transfers	105
Outpatient to Inpatient	105
Inpatient and Long-term Care Facilities	106
Screening and Preventing Negative Outcomes	106
Screening	106
Preventing Readmissions	106
Performance Measurements in the	
Transition of Care Process	108
Targeted Approach to Improving the	
Transition of Care	108
Focused Health System Targets	108
Open Communication Processes and	
Modes for Improvement	108
System Resource Assessments to	
Improve Transitions	108
Goal Development and Process for Review	108
Effective Transition of Care Interventions	109
Interventions Focused on	
Medication Reconciliation	109
Interventions Focused on Patient Education	109
Interventions Focused on Hospital Readmission	109
Interventions Focused on QoL	109
National Quality Improvements Related to	
Transitions of Care	111
Institute of Medicine	111
U.S. Department of Health and Human Services	112
Transitions of Care Consensus Policy Statement	112
Role of the Pharmacist	112
Conclusion	112
Annotated Bibliography	112
Self-Assessment Questions	117

QUALITY MEASUREMENTS IN MANAGED CARE

By Cathrine Misquitta, Pharm.D., BCPS;
and Rodney J. Gedey, Pharm.D., BCPS

Learning Objectives	121
Introduction	121
Defining Quality	121
National Quality Forum	121
Baseline Review Resources	121
Abbreviations in This Chapter	122

National Committee for Quality Assurance	122
Centers for Medicare & Medicaid Services	123
Pharmacy Quality Alliance	125
Role	125
Setting Quality Standards	125
Continuity and Coordination of Care	125
Provision of an Adequate Formulary	126
Measuring Quality – HEDIS	126
Purpose of Measures	126
Relevance to Pharmacy and Distinction	
Among Plan Types	126
How Measures Are Developed	126
Relevance	128
Scientific Soundness	128
Feasibility	128
Use of High-Risk Medications in the Elderly	128
Persistence of β -Blocker Treatment	
After a Heart Attack	132
Use of Appropriate Medications for	
People with Asthma	133
Osteoporosis Management in	
Women Who Had a Fracture	134
Role of the Pharmacist	135
Annotated Bibliography	136
Self-Assessment Questions	139

PRACTICE-BASED RESEARCH NETWORKS

By Grace M. Kuo, Pharm.D., MPH, Ph.D.

Learning Objectives	143
Introduction	143
Historical Development	143
Baseline Review Resources	143
Abbreviations in This Chapter	144
Role and Function	144
From Bench to Bedside to Practice	144
Practice-Based Collaboration	144
Laboratory for Best Practices	145
Examples of PBRNs	145
Health System–Based Networks	145
Clinician-Based Networks	146
Examples of Practice-Based Research Projects	147
Prevalence of Acanthosis Nigricans	147
Quality Improvement Projects	147
Herbal Use Survey	147
Drug Error Reports	148
The CAPTION Trial	148
The Participatory Decision-making Study	148
Research Methods for Practice-Based Research	148
Study Design	148
Data Collection Methods	149
Data Analysis Features	150
Advantages and Barriers of Practice-Based Research	150
Advantages	150
Barriers	150
Implications for Pharmacy Research and Practice	151
Annotated Bibliography.....	151
Self-Assessment Questions	155
Reference Values for Common Laboratory Tests.....	160
