
TABLE OF CONTENTS

PSYCHIATRIC DISORDERS	1-1
<i>Anxiety Disorders; Sleep Disorders; Major Depression; Bipolar Disorder; Schizophrenia; Adverse Effect Management; Attention-Deficit/Hyperactivity Disorder; Substance Dependence</i>	
ONCOLOGY	1-71
<i>Lung Cancer; Breast Cancer; Prostate Cancer; Chemotherapy-Induced Nausea and Vomiting; Thrombocytopenia; Anemia and Fatigue; Neutropenia/Febrile Neutropenia; Selected Complications of Oral Agents</i>	
DIABETES MELLITUS	1-135
<i>Classification; Diagnosis; Screening; Prediabetes; Diabetes Pathophysiology; Treatment; Point-of-Care Testing; New-Drug Treatment Requirements; Prevention and Management of Diabetes Complications; Diabetes Credentialing</i>	
ENDOCRINE DISORDERS	1-169
<i>Thyroid Disease; Polycystic Ovary Syndrome; Pituitary Disease; Obesity; Adrenal Disease; Male Hypogonadism</i>	
NEPHROLOGY	1-217
<i>Kidney Function; Classification of Kidney Failure; Diabetes Treatment in Chronic Kidney Disease; Hypertension Treatment in CKD; Nutritional Considerations; Anemia Management; Metabolic Bone Disease; Pharmacokinetic Changes in Kidney Disease; RRT; Kidney Stones</i>	
OBSTETRICS AND GYNECOLOGY	1-249
<i>Contraception; Infertility; Pregnancy and Lactation; Menstrual Disorders; Endometriosis; Menopausal Symptoms; Women's Health Resources</i>	
MEN'S AND WOMEN'S HEALTH	1-299
<i>Benign Prostatic Hyperplasia; Urinary Incontinence; Erectile Dysfunction</i>	
GASTROINTESTINAL DISORDERS	1-333
<i>Gastroesophageal Reflux Disease; Peptic Ulcer Disease; Complications of Cirrhosis; Viral Hepatitis</i>	

EPILSEPY AND HEADACHE/MIGRAINE.....1-399

Epilepsy Epidemiology; Known Causes of Seizures; Pathophysiology; Epilepsy Prognosis and Treatment; Patient Education and Special Populations; Types of Headache; Cluster Headache; Tension Headache; Migraine

NEUROLOGY: ALZHEIMER DISEASE, AND PARKINSON DISEASE.....1-441

Epidemiology; Etiology and Risk Factors; Clinical Presentation and Evaluation; Diagnosis; Clinical Management; Medication Reconciliation; Transitions of Care

SOLID ORGAN TRANSPLANTATION.....1-471

Outcomes; Regulation; Kidney; Pancreas; Heart; Lung; Intestine; Liver; Multiple Organ Transplants; Immunosuppressive Therapies; Rejection Therapies; Key Issues in Immunosuppressive Pharmacotherapy Management; Infectious Prophylaxis

IMMUNIZATIONS.....1-519

Types of Immunity; Classification of Vaccines; Influenza; Pneumococcal; Meningococcal; Varicella; Herpes Zoster; Tetanus, Diphtheria, and Pertussis; Human Papillomavirus; Measles, Mumps, and Rubella; Hepatitis; Haemophilus influenzae Type B; Polio; Rotavirus; Vaccine Recommendations; Combination Vaccines; Storage; Travel Vaccines; Clinical Laboratory Improvements Amendment Waiver; Bloodborne Pathogen Safety; Human Subjects' Safety

PULMONARY DISORDERS AND SMOKING CESSATION.....1-555

Asthma; Chronic Obstructive Pulmonary Disease; Smoking Cessation; Public Health Issues; Practice Management Issues; Patient Advocacy
