## TABLE OF CONTENTS

<b>DERMATOLOGY AND HEENT.....</b>	<b>2-1</b>
<i>Acne; Allergic Rhinitis; Infestations; Macular Degeneration; Glaucoma; Psoriasis; Urticaria</i>	
<b>INFECTIOUS DISEASES.....</b>	<b>2-49</b>
<i>Urinary Tract Infections; Community-Acquired Pneumonia; Influenza; Upper Respiratory Tract Infections; Uncomplicated Skin and Soft Tissue Infections; Sexually Transmitted Diseases; Antimicrobial Stewardship</i>	
<b>HIV/AIDS.....</b>	<b>2-87</b>
<i>Transmission; Diagnosis and Screening; Resistance Testing; Antiretroviral Agents; Common Opportunistic Infections; Postexposure Prophylaxis; Managing Adverse Effects and Comorbidities</i>	
<b>BIOSTATISTICS: A REFRESHER.....</b>	<b>2-115</b>
<i>Discrete and Continuous Variables; Descriptive and Inferential Statistics; Discrete and Normal Distribution; Confidence Intervals; Hypothesis Testing; Parametric Tests; Analysis of Variance; Nonparametric Tests; Nominal Data; Correlation; Regression; Decision Errors; Survival Analysis</i>	
<b>STUDY DESIGNS: FUNDAMENTALS OF DESIGN AND INTERPRETATION.....</b>	<b>2-135</b>
<i>Validity; Bias; Case Reports; Observational Study Designs; Incidence; Prevalence; Relative Risks, Odds Ratios; Randomized and Controlled Trial Design; Analysis; Systematic Review; Meta-analysis; Summary Measures of Effect; Pharmacoeconomic Studies; Sensitivity; Specificity; Predictive Values</i>	
<b>BONE/JOINT AND RHEUMATOLOGY.....</b>	<b>2-157</b>
<i>Osteoporosis; Rheumatoid Arthritis; Osteoarthritis; Gout and Hyperuricemia</i>	
<b>HYPERTENSION.....</b>	<b>2-207</b>
<i>Causes; Blood Pressure Goals; Treatment; Resistant Hypertension; Hypertension Management for Patients with Cardiovascular Disease</i>	
<b>HEART FAILURE.....</b>	<b>2-231</b>
<i>Epidemiology; Pathophysiology; Clinical Presentation; Pharmacologic Management Strategies; Standard Device Management Strategies; Surgical Therapies; Exercise; Acute Heart Failure Syndromes</i>	

---

**THROMBOEMBOLISM.....2-271**

*Venous Thrombosis; Arterial Thrombosis; Antithrombotic Agents; Precautions and Management of Adverse Events; Patient Education; Special Populations; Patient Safety and Delivery of Quality Patient Care*

**ARRHYTHMIAS.....2-331**

*Antiarrhythmic Overview; Atrial Arrhythmias; Ventricular Arrhythmias*

**DYSLIPIDEMIA.....2-367**

*Fasting Lipid Panel; LDL-Lowering Drugs; TG-Lowering Drugs; Primary vs. Secondary Prevention*

**PRIMARY AND SECONDARY PREVENTION OF CORONARY HEART DISEASE (CHD) EVENTS.....2-393**

*Cardiovascular Disease; Coronary Heart Disease; Primary Prevention of CHD Events; Secondary Prevention of MI; Management of the Post-PCI Patient; Medication Reconciliation and Adherence*

**EMERGENCY MEDICINE.....2-433**

*Cardiopulmonary Resuscitation; Advanced Cardiac Life Support; Allergy; Anaphylactic Reactions; Angioedema; Toxicology; The Role of the Pharmacist in the Emergency Department*

**ADDITIONAL RESOURCES**

**POLICY, PRACTICE, AND REGULATORY ISSUES.....2-473**

*HIPPA, IRB, Informed Consent; Prescription Drug Approval Process; Investigational Drug Service; JCAHO, ORYX, NCQA, and HEDIS*

**MEDICATION THERAPY MANAGEMENT.....2-495**

*MTM Core Elements; MTM Marketplace; 2010 Medicare Part D MTM Programs; Reimbursement, Billing, and Documentation; Practical Applications of MTM*

**THE BOARD OF PHARMACY SPECIALTIES “2012 CANDIDATE’S GUIDE” .....2-507**

*Printed courtesy of the Board of Pharmacy Specialties (BPS)*

**THE BOARD OF PHARMACY SPECIALTIES “2012 RECERTIFICATION GUIDE” .....2-527**
