

Ashley Schenk, Pharm.D., BCPS, BCCP

Cardiology Clinical Pharmacist
University of Kentucky HealthCare
Lexington, KY

Dr. Ashley Schenk, originally from Prague, Nebraska, received her Doctor of Pharmacy degree from the University of Nebraska Medical Center in May 2015. She completed her PGY1 Pharmacy Residency at Saint Joseph East in Lexington, KY, and went on to complete a PGY2 Cardiology Pharmacy Residency at UK HealthCare in Lexington, KY. After completion of her PGY2 residency, she accepted a position as a Cardiology Clinical Pharmacist at UK HealthCare, where she provides pharmaceutical care to medical cardiology patients. Dr. Schenk is actively engaged in both teaching and precepting activities. She is currently involved in precepting pharmacy students and residents on rotation and leading didactic therapeutic lectures at the University of Kentucky College of Pharmacy. Her research involves the impact of pharmacist-run transitions of care programs on hospital readmission rates in the setting of acute coronary syndrome. Her practice areas of interest include acute coronary syndromes, heart failure, anticoagulation, and congenital heart defects.
