

TABLE OF CONTENTS

Blood Pressure Disorders I	1
Blood Pressure Disorders I Panel	3

Essential Hypertension

By John D. Bucheit, Pharm.D., BCACP; and Rachel W. Flurie, Pharm.D., BCPS

Introduction	7
Clinical Guideline Evolution	7
Determining Blood Pressure Treatment Thresholds and Goals	9
Measuring and Assessing Blood Pressure	13
Circadian Rhythm of Blood Pressure	15
Treatment of Essential Hypertension	16
Conclusion	22
References	23
Self-Assessment Questions	26

Resistant Hypertension

By Genevieve M. Hale, Pharm.D., BCPS, BCCP

Introduction	29
Risk Factors for RH	30
Treatment of RH	31
References	40
Self-Assessment Questions	45

Blood Pressure Disorders II	49
Blood Pressure Disorders II Panel	51

Primary Prevention of Cardiovascular Disease

By Emily K. McCoy, Pharm.D., BCACP

Introduction	55
Assessment of CV Risk	56
General Recommendations for CV Risk Reduction	59
Aspirin for Primary Prevention of CVD	61
CV Risk Reduction with Medications Used for Dyslipidemia	67
CV Risk Reduction with Medications Used for Diabetes	71
Conclusion	72
References	73
Self-Assessment Questions	76

Pulmonary Hypertension

By Rebekah H. Anguiano, Pharm.D., BCPS, BCACP

Introduction	81
Definition, Diagnosis, and Clinical Classification System of PH	82
Summary of Treatment Guidelines	84

PAH Assessment for Estimating Risk of 1-Year Mortality	86
Risk Stratification–Based Treatment Algorithm WSPH	86
Advances in PAH Clinical Trial Design	90
PAH Pharmacotherapy	91
Conclusion	98
References	99
Self-Assessment Questions	102

Hypertensive Urgency/Emergency

By Ashley Schenk, Pharm.D., BCPS, BCCP

Introduction	107
Treatment of Hypertensive Urgency	108
Treatment of Hypertensive Emergency	109
Intravenous Antihypertensive Agents for Hypertensive Emergency	113
Targeted Therapy for Patients with Selected Comorbidities	117
Transitioning Intravenous to Oral Antihypertensive Therapy	119
Conclusion	120
References	121
Self-Assessment Questions	124

Blood Pressure Disorders III	129
Blood Pressure Disorders III Panel	131

Interactive Case: Pharmacogenomics of Drug-Drug Interactions

By Mary H. Parker, Pharm.D., FCCP, FASHP, BCPS, BCCP

Interactive Case: Pharmacogenomics of Drug-Drug Interactions	135
Hyperlink to activity	135
References	136
Self-Assessment Questions	138

Recorded Webcast: Epidemiology and Public Health Challenges of Hypertension

By Katherine E. Di Palo, Pharm.D., FAHA, FHSA, BCACP, BCGP

Recorded Webcast: Epidemiology and Public Health Challenges of Hypertension	142
Hyperlink to activity	142
References	142
Self-Assessment Questions	143
