

Christine M. Walko, Pharm.D., BCOP, FCCP*

Associate Member

Department of Individualized Cancer Management

H. Lee Moffitt Cancer Center

Associate Professor, Department of Oncologic Sciences

USF Morsani College of Medicine

Tampa, Florida

Review and Recertification Course, Home Study Syllabus

Christine M. Walko, Pharm.D., BCOP, FCCP, is an Associated Member in the Department of Individualized Cancer Management at the H. Lee Moffitt Cancer Center in Tampa, Florida and Chair of the Molecular Tumor Board (MTB). Walko received her Pharm.D. degree from Duquesne University in Pittsburgh, Pennsylvania, and completed a pharmacy practice residency at the Medical College of Virginia/VCU in Richmond, Virginia, and a hematology/oncology specialty residency at the University of North Carolina (UNC). She stayed at UNC to complete a 2-year academic oncology fellowship focused on drug metabolism and translational research before taking an assistant professor position at UNC in the Division of Pharmacotherapy and Experimental Therapeutics. Walko's research focus is on optimizing drug therapy using pharmacogenomics and pharmacokinetics to personalize intravenous and oral anticancer therapy for patients with cancer. In addition, she is an attending for the Personalized Medicine Consult Service and Chair of the Clinical Genomics Action Committee (CGAC), Moffitt's MTB. She also serves on numerous national MTBs as an expert advisor including the ASCO TAPUR trial MTB and provides genetic tumor interpretations for all types of solid and hematologic malignancies.
