

Elyse A. MacDonald, Pharm.D., M.S., BCPS

Pharmacy Manager, Investigational Drug Service

University of Utah Health

Salt Lake City, Utah

Review and Recertification Course, Home Study Syllabus

Elyse A. MacDonald, Pharm.D., M.S., BCPS, is the pharmacy manager for the Investigational Drug Service at the University of Utah Health. Prior to this position, she was a drug information specialist with the University of Utah Drug Information Service. Dr. MacDonald earned a BS in Biochemistry from Cedar Crest College located in Allentown, PA. She earned her MS in Pharmaceutical Chemistry from Lehigh University located in Bethlehem, PA. She received her Pharm.D. in 2008 from Creighton University School of Pharmacy and Health Professions. She completed her Pharmacy Practice Residency at the Philadelphia VA Medical Center in June 2009 and completed her Drug Information specialty residency at University of Utah Health in June 2010. Prior to pharmacy school, Dr. MacDonald worked in the pharmaceutical industry as an analytical chemist and then as a project leader in clinical supplies.

For 2019-2020, Dr. MacDonald was appointed as a member of the ASHP Commission on Affiliate Relations. Previously, she has been a member of ASHP SCSS Section Advisory Group on Emerging Sciences. She also served as a network facilitator for Pharmacoeconomics and Drug Policy Development. She recently completed a 3-year presidency term for the Utah Society of Health-System Pharmacists (USHP). She served as a Utah delegate in 2016, 2017, 2018, and 2019 for the ASHP House of Delegates.
