

TABLE OF CONTENTS

Pulmonology I	1
Pulmonology I Panel	3

Rare Lung Diseases

By Cameron J. McKinzie, Pharm.D., BCPPS, BCPS, CPP

Primary Ciliary Dyskinesia	7
Diffuse Lung Diseases	11
Conclusion	17
References	17
Self-Assessment Questions	20

Complicated Pneumonia

By Lindsay C. Landgrave, Pharm.D., BCPS, BCPPS, AE-C

Introduction	23
Clinical Guidelines	23
Complications/Prognosis	27
Nonpharmacologic Therapies	27
Pharmacologic Therapies	28
Preparing Patients for Discharge	33
Conclusion	34
References	34
Self-Assessment Questions	37

Pulmonology II	41
Pulmonology II Panel	43

Cystic Fibrosis

By Stacy Peters, Pharm.D.

Introduction	47
Chronic Management Overview	51
Pathogen Eradication	53
CFTR Modulator Therapy	55
CFTR Modulator Therapy Clinical Considerations	64
Pharmacist's Role	67
Research	68
Conclusion	69
References	70
Self-Assessment Questions	74

Management of the Patient with a Tracheostomy

By E. Claire Elson, Pharm.D., BCPPS

Introduction	79
Surgical Placement of Tracheostomy	81

Long-term Management	81
Pediatric Patient Development With Tracheostomy	87
Life-Threatening Conditions for the Tracheostomy Patient	88
Pharmacist's Role with the Pediatric Patient with Tracheostomy	88
Conclusion	89
References	89
Self-Assessment Questions	92

Pulmonology III	97
Pulmonology III Panel	99
