# Table of Contents (Volume II)

## Cardiology I

- Acute Coronary Syndromes
- Acute Decompensated Heart Failure
- Acute Arrhythmias/Advanced Cardiac Life Support
- Hypertensive Emergency
- Pulmonary Arterial Hypertension

## Cardiology II

- Heart Failure
- Atrial Fibrillation
- Hypertension
- Dyslipidemia
- CHD and Chronic Stable Angina

## Oncology Supportive Care

- Antiemetics
- Pain Management
- Treatment of Febrile Neutropenia
- Use of CSFs in Neutropenia and Febrile Neutropenia
- Thrombocytopenia
- Anemia and Fatigue
- Chemoprotectants
- Oncology Emergencies
- Miscellaneous Antineoplastic Pharmacotherapy

## Gastrointestinal Disorders

- Gastroesophageal Reflux Disease (GERD)
- Peptic Ulcer Disease
- Upper GI Bleeding
- Inflammatory Bowel Disease (IBD)
- Complications of Chronic Liver Disease
- Viral Hepatitis
- Nausea and Vomiting
- Pancreatitis
- Diarrhea
- Constipation
- Irritable Bowel Syndrome

## Infectious Diseases

- Respiratory Tract Infections
- Urinary Tract Infections
- Skin and Soft Tissue Infections
- Osteomyelitis
- Central Nervous System Infections
- Endocarditis
- Intra-abdominal Infections
- Clostridium difficile Infection
- Medical/Surgical Prophylaxis

## HIV/Infectious Diseases

- Human Immunodeficiency Virus Opportunistic Infections in Patients with HIV
- Tuberculosis
- Antifungal Therapy

## Policy, Practice, and Regulatory Issues

- Institutional Medication Use Policy Considerations
- Congressional Overview
- Committees with Jurisdiction over Health-Related Policy
- Congress, Committees with Jurisdiction over Health-Related Policy, and the Legislative Process
- U.S. Government Departments and Agencies with Primary Regulatory Impact on the Practice of Pharmacy
- Accrediting Organizations and Quality Improvement Efforts
- U.S. Food and Drug Administration and the Prescription Drug Approval Process
- Institutional Review Board Implications for Clinical Practice and Research
- Investigational Drug Service
# Additional Resources
