# TABLE OF CONTENTS

**Pediatrics** ................................................................. 1-3
Sepsis/Meningitis; Respiratory Syncytial Virus Infection; Otitis Media; Immunizations; Pediatric Seizure Disorders; Attention-Deficit/Hyperactivity Disorder

**Geriatrics** ................................................................. 1-39
Principles to Promote Optimal Medication Use in Older People; Dementia; Behavioral Symptoms of Dementia; Urinary Incontinence; Benign Prostatic Hypertrophy; Osteoarthritis; Rheumatoid Arthritis

**Gastrointestinal Disorders** .......................................... 1-81
Gastroesophageal Reflux Disease (GERD); Peptic Ulcer Disease; Upper GI Bleeding; Inflammatory Bowel Disease (IBD); Complications of Chronic Liver Disease; Viral Hepatitis; Nausea and Vomiting; Pancreatitis; Diarrhea; Constipation; Irritable Bowel Syndrome

**Oncology Supportive Care** ............................................. 1-165
Antiemetics; Pain Management; Treatment of Febrile Neutropenia; Use of CSFs in Neutropenia and Febrile Neutropenia; Thrombocytopenia; Anemia/Fatigue; Chemoprotectants; Oncology Emergencies; Miscellaneous Antineoplastic Pharmacotherapy

**Endocrine and Metabolic Disorders** ............................... 1-201
Diabetes; Thyroid Disorders; Pituitary Gland Disorders; Adrenal Gland Disorders; Obesity; Polycystic Ovary Syndrome; Diabetes Mellitus; Treatment of DM Complications; Other Diabetes Medication Issues

**Men’s and Women’s Health** .......................................... 1-251
Hormone Therapy/Menopause; Osteoporosis; Drugs in Pregnancy; Drugs in Lactation; Complications in Pregnancy; Overview of Contraception; Combined Hormonal Contraceptives; Progestin-Only Contraceptive; Intrauterine Devices/Systems; Implants (Implanon); Emergency Contraception; Infertility; Sexually Transmitted Diseases; Prostatic Infections; Male Sexual Dysfunction

**Ambulatory Care** .......................................................... 1-319
Asthma; Chronic Obstructive Pulmonary Disease; Anticoagulation; Gout; Adult Immunizations

**Neurology** ................................................................. 1-381
Epilepsy; Ischemic Stroke; Parkinson Disease; Headache; Multiple Sclerosis

**General Psychiatry** ..................................................... 1-439
Depression; Bipolar Disorder; Schizophrenia; Anxiety Disorders; Insomnia; Substance Abuse—Alcohol
## Table of Contents

**Nephrology** ............................................................... 1-489  
*Acute Kidney Injury (AKI) or Acute Renal Failure (ARF); Drug-Induced Kidney Damage; Chronic Kidney Disease; Renal Replacement Therapy (RRT); Drug Therapy Adjustments in CKD*

**Infectious Diseases** ....................................................... 1-529  
*Respiratory Tract Infections; Urinary Tract Infections; Skin and Soft Tissue Infections; Diabetic Foot Infections; Osteomyelitis; Central Nervous System Infections; Endocarditis; Peritonitis/Intra-abdominal Infections; Clostridium difficile Infection; Medical/Surgical Prophylaxis*

**HIV/Infectious Diseases** ............................................... 1-579  
*Human Immunodeficiency Virus; Opportunistic Infections in Patients with HIV; Tuberculosis; Antifungal Therapy*
# Table of Contents

**Pharmacokinetics: A Refresher** .......................................................... 2-3

Basic Pharmacokinetic Relationships; Absorption; Distribution; Clearance; Nonlinear Pharmacokinetics; Noncompartmental Pharmacokinetics; Data Collection and Analysis; Pharmacokinetics in Renal Disease

**Biostatistics: A Refresher** ............................................................... 2-41

Introduction to Statistics; Types of Variables/Data; Types of Statistics; Population Distributions; Confidence Intervals; Hypothesis Testing; Statistical Tests; Decision Errors; Correlation and Regression; Survival Analysis; Selected Representative Statistical Tests

**Study Designs: Fundamentals of Design and Interpretation** .......... 2-63

Various Issues in Study Design; Case Reports/Case Series; Observational Study Designs; Study Design; Incidence, Prevalence, Relative Risks, and Odds Ratios; Other Issues to Consider in Controlled Trials; Randomized Controlled Trial Design; Analyzing Clinical Trials; Systematic Review/Meta-analysis; Summary Measures of Effect; Pharmacoeconomic Studies; Sensitivity/Specificity/Predictive Values

**Fluids, Electrolytes, and Nutrition** ................................................. 2-89

Fluid Management; Osmolality; Hypertonic Saline; Hypotonic Intravenous Fluids; Hyponatremia and Hypo-osmolal States; Hypernatremia and Hyperosmolal States; Disorders of K⁺; Disorders of Magnesium Homeostasis; Disorders of Phosphorus Homeostasis; Disorders of Calcium Homeostasis; Enteral Nutrition; Parenteral Nutrition

**Critical Care** .................................................................................. 2-139

Interpreting Hemodynamic Parameters; Shock and Sepsis; Acute Respiratory Failure; Cardiac Arrest; Analgesics, Sedatives, Antipsychotics, and Paralytics; Preventing Hyperglycemia and Hypoglycemia; Preventing Stress Ulcer; Pharmacologic Therapy for Preventing VTE or Pulmonary Embolism; Preventing Ventilator-Associated Pneumonia; Optimizing Nutrition Support

**Cardiology I** .................................................................................. 2-187

Acute Coronary Syndromes; Acute Decompensated Heart Failure; Acute Arrhythmias/Advanced Cardiac Life Support; Hypertensive Emergency

**Cardiology II** ................................................................................ 2-237

Heart Failure; Atrial Fibrillation; Hypertension; Dyslipidemia; Chronic CAD and Chronic Stable Angina

**Additional Resources**

**Policy, Practice, and Regulatory Issues** ...................................... 2-297

Critical Path Initiative; (IRB) Implications for Clinical Practice and Research; Investigational Drug Service (IDS); Legislative Activity into Regulatory Policy
