

## Comprehensive Medication Management (CMM) in Primary Care Study Deliverables

### The CMM Philosophy of Practice

- Pestka DL, Sorge LA, McClurg MR, Sorensen TD. The philosophy of practice for comprehensive medication management: Evaluating its meaning and application by practitioners. *Pharmacotherapy*. 2018;38(1):69-79. <https://doi.org/10.1002/phar.2062>. Accessed October 2020.
- CMM Philosophy of Practice Checklist available via Optimizing Medications for Better Health (Optimizing Meds) website in 2021.

### The CMM Patient Care Process

- The Patient Care Process for Delivering Comprehensive Medication Management (CMM): Optimizing Medication Use in Patient-Centered, Team-Based Care Settings. CMM in Primary Care Research Team. July 2018. Available at: [https://www.accp.com/docs/positions/misc/CMM\\_Care\\_Process.pdf](https://www.accp.com/docs/positions/misc/CMM_Care_Process.pdf). Accessed October 2020.
- CMM Patient Care Process self-assessment tool available via Optimizing Meds website in 2021.

### The CMM Practice Management Framework and Core Components

- Pestka D, Frail C, Sorge L, Funk K, Janke K, Roth McClurg M, Sorensen T. The practice management components needed to support comprehensive medication management in primary care clinics. *Journal of the American College of Clinical Pharmacy*. 2020;3(2):438-447. <https://doi.org/10.1002/jac5.1181>. Accessed October 2020.
- Pestka D, Frail C, Sorge L, Funk K, Janke K, Roth McClurg M, Sorensen T. Development of the comprehensive medication management practice management assessment tool: A resource to assess and prioritize areas for practice improvement. *Journal of the American College of Clinical Pharmacy*. 2020;3(2):448-454. <https://doi.org/10.1002/jac5.1182>. Accessed October 2020.
- CMM Practice Management self-assessment tool available via Optimizing Meds website in 2021.

### Implementation Outcomes Instrument

- Publication pending; Instrument available via Optimizing Meds website in 2021.

### Readiness Assessment Instrument

- Livet M, Yannayon M, Richard C, Sorge L, Scanlon P. Ready, set, go!: Exploring use of a readiness process to implement pharmacy services. *Implementation Science Communications*. 2020;1(52). <https://doi.org/10.1186/s43058-020-00036-2>. Accessed October 2020.
- Readiness self-assessment tool available via Optimizing Meds website in 2021.

### Patient Experience Instrument

- Blanchard C, Xu J, Roth McClurg M, Livet M. Reliability and validity of a patient responsiveness survey for comprehensive medication management. [abstract]. *Journal of the American College of Clinical Pharmacy*. 2018;1(2):139. *Manuscript publication pending*.
- Patient Experience instrument available via Optimizing Meds website in 2021.

### Fidelity Assessment

- Livet M, Blanchard C, Frail C, Sorensen T, McClurg MR. Ensuring effective implementation: A fidelity assessment system for CMM. *Journal of the American College of Clinical Pharmacy*. 2020;3(1):57-67. <https://doi.org/10.1002/jac5.1155>. Accessed October 2020.
- Self-assessment instruments available via Optimizing Meds website 2021.

### Optimizing Medication for Better Health. A web-based CMM Implementation System.

- The CMM Implementation System (version 2.0) will be released in early 2021. Resources include: assessment of readiness to implement CMM, team charters, philosophy of practice checklist, self-assessment tools for the CMM patient care process and CMM practice management, plan-do-study-act templates, implementation outcome measures, and more.
